

Fuel research and development
for the 21st Century

Call for Papers

Symposium on

Green Chemistry for Sustainable Production of Fuels, Chemicals and Energy

242nd ACS National Meeting & Exposition

Aug. 28-Sept. 1, 2011, Denver, Colorado, USA

Division of Fuel Chemistry, American Chemical Society

International year of Chemistry 2011

ACS Theme: Chemistry in Air, Space, and Water

Topics may include, but are not limited, to:

- Biomass conversion to fuels and energy
- Solar energy conversion to green fuels and energy
- Green synthesis of chemicals and materials

April 11, 2011 is the Due date for online submission of
abstracts and 2-page Preprints @ <http://abstracts.acs.org>

Organizers

Dr. Richard Bain

National Renewable Energy Lab
Golden, CO 80401
Phone: 303-384-7765
Email: richard.bain@nrel.gov

Prof. Ryan Richards

Dept. Chemistry & Geochemistry
Colorado School of Mines
Phone: 303-273-3612
Email: richard@mines.edu

Dr. Mark Nimlos

National Renewable Energy
Laboratory, Golden, CO 80401,
Phone: 303-3845-7704
E-Mail: Mark.Nimlos@nrel.gov
