

## CALL FOR PAPERS

### Division of Petroleum Chemistry American Chemical Society Symposium **ACID, BASE AND ZEOLITE CATALYSIS**

**March 27-31, 2011, Anaheim, California, USA**

241<sup>st</sup> American Chemical Society (ACS) National Meeting

Sponsored by the ACS Division of Petroleum Chemistry and Fuel Chemistry

#### Call for Papers

This symposium will feature recent advances in acidic, basic and zeolite catalysis in chemical, petrochemical, petroleum refining, and clean fuels processes. Papers are solicited on synthesis, experimental and computational characterization and design, as well as catalytic applications. Topics include, but are not limited to:

- Zeolites and other molecular sieves
- Solid superacids and superbases
- Metal oxides and mixed metal oxides as solid acids and bases
- Polymer-based solid acids
- Liquid acid/base systems
- Computational techniques in acidity and basicity evaluation
- New characterization methods

Submission of both an abstract and a preprint are required. You may do this on-line at:

<http://abstracts.acs.org>. **Abstract/Preprint submission due date: October 18, 2010.**

Instructions and preprint template available at [ACS Petroleum Chemistry Division Web site](#).
